DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/23/2007 has been entered.

Information Disclosure Statement

The information disclosure statement filed 04/12/2007 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered. It is noted that there is no copy of cited reference BC (Teijin Seiki Co Ltd, 01-29-1990).

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 4-8 directed to species non-elected without traverse. Accordingly, claims 4-8 have been cancelled.

It is noted that claim 1 is no longer a generic claim because claim 1 has been amended extensively including the underlining portion that claims features that exist only in species 1 of Fig. 1. As such, the request to rejoin claims 4-8 has been denied.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: prior art references do not teach or render obvious a semiconductor device having the structure as claimed in claim 1, wherein the light-shading means shades the incoming light which is reflected from the rear surface of the semiconductor substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
